

DIASTÊXTIL //

MADE IN TOGETHER

When quality, innovation and creativity collaborate as one.

Founded in 1986,
**WE'RE A TEXTILE APPAREL
MANUFACTURER BASED
IN PORTUGAL.**

This company was born from the dream and ambition of a woman way ahead of her time. It's now part of *DTX group* alongside five other companies. **We develop apparel for all around the world and work with international renowned brands.**

WE HAVE EXPERIENCE & KNOW-HOW IN

| **NEWBORN**

| **KIDSWEAR**

| **WOMENSWEAR**

| **MENSWEAR**

We ensure premium results using modern technologies and the correct interpretation of development of each product.

We are turning your idea into a best seller.

COMMERCIAL

Assisting the client throughout the whole process.

FABRICS

Development swatch or ideas.

PATTERN & FITTING

Convert client techpacks into patterns. Offering fitting and grading support.

TECHNICAL PROCESS

With our team's experience,
we can provide

**EXCEPTIONAL AND
CUSTOMIZED PRODUCTS
TO THE CLIENT'S NEEDS.**

Our fabrics team will be closely
monitoring the entire textile process,
including fabric finishing, cutting,
sewing and packaging.

We can create custom prints and embroideries to bring your designs to life.

| **DIGITAL PRINT & SUBLIMATION**

| **PRINT & EMBROIDERY**

| **GARMENT DYE**

| **LASER**

We work with the objective of presenting new products with unique and high quality textures.

The background is a light-colored surface covered with various fashion design elements. On the left, there are three hand-drawn sketches of women in elegant, flowing dresses. To the right, there are several rectangular photographs and fabric swatches pinned or placed on the surface. One photo shows a person in a dark, textured garment. Another shows a close-up of a fabric texture. There are also some smaller, less distinct sketches and photos scattered around.

DESIGN

Research & criativity

**THEY ALIGN AESTHETICS,
TECHNIQUES AND MATERIALS
WITH EMERGING TRENDS.**

Our designers remain at the forefront of the textile design industry using a range of techniques like **hand-drawn, 3D and the most recent web programs and technology** to develop imagination and creativity.

This is our experience.

WE INTEGRATE ALL STAGES OF PRODUCTION FROM DESIGN TO DELIVERY.

We are always seeking new fashion trends and innovative textile processes. Our reliable fast response model is based on our commitment to comply with clients needs.

3D TECHNOLOGY
